| Conveyor To | asters |

Models: TQ-10, -400, -405, -400BA, -400H

The Hatco Toast-Qwik[®] is an economical conveyor toaster with fast, dependable and versatile toasting. These toasters utilize conveyor speed, not temperature to determine toasting color.

Standard features

- Hatco's ColorGuard sensing system assures toast uniformity. (excludes TQ-10)
- Optional power save mode with indicator light saves energy and money during slow periods
- Efficient design of front or rear discharge allows Toast-Qwik to be placed where it is most convenient – for sending product to operator side or customer/server
- BA models toast one side only and are for bagels and buns only, cut side up
- Opening height is 2" (5 mm) and for H models is 3" (8 mm)
- Insulation and an interior fan provide cool surface temperatures
- TQ-10 has a durable painted steel top and aluminized steel construction
- Toast storage area keeps bread warm and dry
- Permanently lubricated ball bearing motor and heating elements guaranteed against burnout and breakage for two years
