Features & Benefits

- Multi-purpose, end load trolley for holding, storing and transporting bulk food in GN food pans. Compact, slim design maximizes working space and storage space.
- Made from an extremely strong, revolutionary composite material with a smooth, easy to clean surface.
- Lifetime warranty against rust and corrosion.
- No metal parts, welds, screws, cross bars or metal casters than can bend, dent, rust or corrode.
- Moves easily between kitchen, freezer, cooler and/or off premise.
- Rails accept/hold hot pans from 390°F (200°C) oven.
- Wide 3" (7,6 cm) rail spacing offers greatest versatility and ease of use.
- Top frame features molded in supports to hold a single GN 1/1 Food Pan to cover and protect contents below. Convert the half size unit into a light duty workstation by placing a GN 1/1 cutting board on the top frame.
- Molded in lip load rails (food pan flange hangs from rails) for food pans.
- Molded in 0.012" (3 mm) pan stops on each rail end help keep pans on the rails when turning or transporting.
- Food pan holding capacity:
