KITCHENAID® PASTA ROLLER AND CUTTER SET ATTACHMENT MAKES FRESH HOMEMADE, PASTA FOR EXQUISITE TASTE

PASTA ROLLER AND CUTTER ATTACHMENT SET — KPRA

One roller and two cutters, all made from stainless steel, are included in the set to make different pastas.

PASTA ROLLER

Pasta dough is rolled through the adjustable Pasta Roller at a low setting, 1 or 2, to knead and flatten. At higher settings, 3 to 9, the Pasta Roller further flattens the dough for a wide range of uses, such as thick for egg noodles, medium for lasagna noodles, and thin for linguini pasta.

FETTUCCHINE CUTTER

Thin, flat fettuccine pasta is made by flattening the dough with the Pasta Roller, then using the Fettuccine Cutter to cut wide pieces of dough into pasta strips.

SPAGHETTI/LINGUINI CUTTER

Cuts pasta sheets produced by Roller into spaghetti and thin linguine. Can be used to cut very thin pasta sheets into linguini pasta.

INSTRUCTION GUIDE AND RECIPES

Guide gives detailed instructions for using and cleaning the roller and cutters as well as tips for exceptional pasta. Recipes are included for basic egg, semolina egg, light wheat, whole wheat and spinach pasta doughs.

EASY TO USE

The Pasta Roller and Cutters are powered by the mixer, leaving both hands free to work with the pasta. The desired attachment is simply inserted into the attachment hub and the attachment knob tightened.

EASY TO CLEAN

A cleaning brush is provided to easily remove bits of flour and pasta from the Pasta Roller and Cutters. They should not be immersed in water or put into the dishwasher.

VERSATILE

The KitchenAid® stand mixer attachments are designed to work with all models of KitchenAid® household stand mixers. The Pasta Roller and Cutter Attachment Set is designed for use with the KitchenAid® Pasta Cutter Companion Set (Model KPCA), which is sold separately. Included in this Companion Set are a Thick Noodle Cutter and an Angel Hair Cutter.
